

# The Paciello Group and Adobe Present WCAG 2.0 Accessibility Webinars for Flash and PDF

March 19, 2009 – Nashua, NH. The Paciello Group (TPG) and Adobe are pleased to announce a series of upcoming webinars on how to create PDF and Flash web-based content that is fully accessible for people with disabilities. These are among the most popular web tools in use today and the sessions will demonstrate their capabilities for creating content that supports the Web Content Accessibility Guidelines 2.0 (WCAG 2.0). Developers from TPG, a world leader in providing accessible solutions for software and online companies, as well as federal agencies, will provide examples and techniques for creating accessible content while retaining the rich features of PDF and Flash.

These webinars are being presented in conjunction with the [3<sup>rd</sup> European eAccessibility Forum](#) taking place in Paris, France, during the week of March 30.

## The webinar schedule includes:

- Monday, March 23 12:00 noon – “PDF and WCAG 2.0”
- Tuesday, March 31 12:00 noon – “Flash and WCAG 2.0”
- Wednesday, April 1 12:00 noon – “PDF Forms and WCAG 2.0”

**All times are Eastern US Daylight Savings Time**

**No pre-registration is required.**

## Attendance Details:

The phone numbers to dial into the webinars are:

- 877 220 5439 (US)
- 1-800-642-196 (Australia)
- 44-20-8606-1105 (London)

Meeting ID is 9224 (WCAG)

The meeting room is <http://my.adobe.acrobat.com/wcag2> -- participants can use VOIP in the connect room if they prefer.

The Paciello Group is passionately dedicated to helping government agencies, technology vendors, e-commerce corporations, and educational institutions make their technology equally accessible to all people, including those with disabilities. The company, based in Nashua, NH, offers professional consulting, technology solutions, and monthly monitoring services to ensure that clients reach all audiences effectively and efficiently while meeting governmental and international standards.

Adobe is an industry leader in accessibility and supports the creation of outstanding web experiences by encouraging web developers to produce rich, engaging content that is accessible to all.
